SVVV/SVIIT/ **NOTICE** **Date: 10 /08/2026**

Final Year: Project (BTCS706N / BTIT706N)
Mandatory Submission of Two Project Based Research Papers
Instructions

As part of BTCS706N, submission of **two** research papers is compulsory:

1. **Review Paper:** Literature review, comparative analysis, and identification of the research gap related to the project.
2. **Methodology/Implementation Paper:** Proposed methodology, implementation, experiments, results, and conclusion.

Important Instructions

- Both papers must be original research work and reviewed by the Project Guide.
- Proper citations and references are mandatory.
- A Similarity/Plagiarism Report must be submitted with each paper. Recommended similarity: ≤15%.
- Students should preferably use Turnitin or DrillBit for similarity/plagiarism and AI-content checking. Paperpal may also be used for academic writing and AI-content checking.
- AI Detection Report should be attached with both papers, wherever available.
- If Turnitin/DrillBit access is unavailable, a recognized free tool may be used for preliminary self-checking.
- AI tools may be used for language and formatting assistance, but students must not submit AI-generated research as their own work.
- Students must be able to explain and defend all content, methodology, implementation, and results during the presentation/viva.
- Plagiarism, copied content, or fabricated results will be treated as academic misconduct.
- Paper format and Submission Schedule (Project Academic Schedule) attached herewith.
